

members of the small jury. If the necessary information was not forthcoming from these, Editor Smith suggested that all the attorneys for both sides in the small case be summoned and also Judge Edwards.

"And so, in view of the developments in this Glaser incident," the article continues, "it may prove interesting to discuss whether the prosecution actually wants to question every body suspected of tampering with the jury or not."

The article goes on to quote the attorney who has heard Glaser say several times the old "I am guilty all right."

He reported the matter to Sheriff Green at the time, it was said, and the latter informed the judge, who summoned the attorneys for both sides into his chambers and threatened to impose fines if such remarks were overheard in the courtroom again during the trial.

"Fish" Doolittle objected to Glaser sitting near the bailiffs' chairs, the article continues, and ordered him to sit among the spectators.

States Attorney Smith's only comment upon the matter was his announcement that the witnesses suggested in the article will be called in tomorrow morning.

Boyle's Son Witness.

Leslie Small, son of the governor, and Attorney Werner W. Schroeder of counsel for the defense during the Small trial, both appeared before the grand jury this morning and both are reported to have admitted talking to Eddie Courtney and Eddie Kaufman, the two gunmen who are said to have gone to Springfield to demand payment for services which they claimed they rendered in "fixing" venetians.

The register of the St. Nicholas hotel at Springfield is said to have been produced in evidence showing that Courtney, Kaufman, and "Con" Shea registered under their own names there on Feb. 8 last.

Leslie Small is said to have contended that the men complained of being bothered by agents for the prosecution, stated that they had been offered beer running privileges in return for their testimony for the state and that they would be willing to help out the governor's case for a consideration.

He is said to have testified that he sent them back to Chicago to see Attorney Schroeder. The latter is reported to have said he ordered Kaufman and Courtney from his office.

Seeking Favor, Chicago.

Both witnesses are said to have interpreted the Springfield visit of gunmen as an attempt at the time to get into the good graces of the governor so that they might ask for certain privileges.

Col. A. E. English, the governor's

THE TRIBUNE'S TRANS-SAHARAN TREK

This map shows the route that the Tribune expedition across the Sahara desert will take. It will follow the dry bed of the Oued Saoura to its head, thence skirting the Massif of Ahaggar, where the Tanezouft, a mysterious Hamite people

live, and across the Tanezouft to the Niger river and Timbuktu. The Tanezouft is the dried up valley of a river once as large as the Ohio river in this country. Most of it is totally unexplored.

son-in-law, was excused from testifying, as was Louis P. Piquett, city prosecutor, who delivered an oration to newspaper men in the courtroom, complaining that his time was being wasted, that his name had been printed among those subpoenaed, and that great injury was being done him. It was later learned he had sent a note in to the grand jury asking that he be excused.

Clash in Courtroom.

A clash occurred in the courtroom between Fred "Fronchy" Mader and Harry C. Payman, the first witness called. Payman, formerly in the employ of Newman, who also is being sought as a witness, and also said to have been employed as an investigator at one time by Chief of Police Fitzmorris, was leaving the courtroom when Mader spied him and made an uncomplimentary remark and gesture. It was the first time the two had met since Payman appeared as a witness against Mader in the trial for the murder of Policeman Lyons.

Payman turned and came back towards the labor leader. "If you come outside I'll fill you full of lead," he threatened. Deputy Sheriff Walter Starke separated them.

Former Detective Sergeant Ed Evans was another witness and is said to have been questioned concerning an old acquaintance with William J. Riley, the former Antioch bartender, who is alleged to have confessed he paid \$500 to John D. Fields, one of the Small jurors.

W. F. Ziegler, cashier of the State Bank of Antioch, and J. E. Brook, cashier of the Brook State Bank of Antioch, are believed to have been questioned concerning Fields' bank account. Marcel Talcott, postmaster of Waukegan, is said to have been questioned concerning W. C. Repkow, a former substitute mail carrier and a member of the Small jury. W. E. Acorn, manager of the Waukegan plant of the American Steel and Wire company, is said to have been questioned concerning one of his former employees, Frank Reardon, also a Small juror.

SET EXECUTION OF ROME BISHOP FOR TOMORROW

BULLETIN.

LONDON, March 27.—(By the Associated Press.)—The chairman of the all-Russian central executive committee in Moscow today ordered a postponement of the executions of Archbishop Zepiak and Monsignor Butskavitch pending the issuance of special instructions, says a dispatch to the Times from Riga.

ROME, March 27.—(By the Associated Press.)—The executions by the Soviet government of Archbishop Zepiak, head of the Roman Catholic church in Russia, and Vicar General Butskavitch have been set for Thursday, according to a report from Mr. Lorenzo Lauri, papal nuncio in Warsaw, as made public in a semi-official statement from the Vatican this afternoon.

The Vatican, adds the statement, is deeply grieved at such an ending of the trial which the holy see made every effort to postpone or avoid. Even when the Soviet government indicated that the trial was inevitable, hopes were held out that the case would be tried "dispassionately."

The Vatican now is urging suspension of the sentence through M. Vorovskii, the Russian representative here.

Fears Early Execution.

[Chicago Tribune Foreign News Service.]

LONDON, March 27.—The death sentence imposed on the Roman Catholic archbishop of Petrograd and one of his priests was discussed in the house of commons this afternoon.

Ronald MacNeill, under foreign secretary, replying to C. G. Ammon, a laborite, said a British agent in Moscow had reported that it was feared the

sentence would be carried out in forty-eight hours.

Poland Warns Russia.

WARSAW, March 27.—When Premier Sikorski learned that Archbishop Zepiak, head of the Roman Catholic church in Russia, and the sixteen priests tried with him had been found guilty by the Moscow court, he sent for Leonid Obolenski, Soviet minister to Poland, and informed him that the Polish government and population observed with anxiety the Soviet attitude toward the Catholic church and the Polish minority.

Acting not only as the head of the Polish government, but as the spokesman of the civilized world, which indignantly condemns this unprecedented act of flagrant violation of liberty of conscience and the elementary rights of citizens, I direct the Soviet government's attention to the responsibility it would assume by execution of the sentence," he said.

English Court Divorces

Furness from Movie Wife

[Chicago Tribune Foreign News Service.]

LONDON, March 27.—(Tribune Radio.)—Tom Furness, member of the big ship owning firm, was granted a divorce today from his wife, formerly an American movie actress, on the ground of her adultery with Maurice Moutet, better known as Maurice Maubouff, with costs against Maurice. This is the case in which it was testified that hairpins were found in Maurice's bed after Mrs. Furness had visited him. The judge said it was impossible to believe Maurice's denials, and he had no moral character, according to his own evidence.

COUNTY WARNED AGAINST SMALL ROAD BOND PLAN

"Don't be stampeded" into approval of Gov. Small's \$100,000,000 road bond issue plan, is the advice of the Illinois Bankers' association to members of the county board in a letter received yesterday by President Anton J. Cermak.

The letter, supported by resolutions adopted by chambers of commerce, automobile clubs and good roads associations, all urging defeat of the proposition, was referred to the roads and bridges committee of the board. The latter has delayed action on the governor's plan for nearly five weeks. Members of the committee are now in Springfield working to secure the passage of legislation which will enable the county to continue its independent road building.

The letter asserts the governor's plan will add \$100,000,000 to the state's bonded indebtedness which in three years has mounted from nothing to \$189,000,000, the equivalent of 50¢ per capita for every man, woman and child in the state.

BLACKMAILER OR ROBBER—WHICH KILLED MODEL?

Daughters Diverge; Mitchell Meets His Wife.

New York, March 27.—(Special.)—The daughter of a blackmailer, the son of a United States attorney general, Harry M. Mitchell, may be questioned tomorrow by the authorities investigating the slaying of Dorothy "Kling" Stotesbury, slain thirteen days ago.

Her West 57th street studio, where District Attorney Ferdinand Pecora and Police Inspector John D. Murphy said they hoped Mr. Daugherty would be able to furnish them with the name of the man who telephoned the son of the cabinet member to write a job out of him.

Daugherty's friend, Miss Keenan, the prosecutor said it was possible the unknown telephone threat maker shed some light on the hand that landed Mitchell, son-in-law of Secretary of State, in Philadelphia.

Daugherty, that on last Thursday a letter from him to the department of justice.

That is really the only reason I think of for questioning Mr. Daugherty," Mr. Pecora said.

Mr. Pecora tonight addressed a letter to Daugherty at the Elks club, asking for an interview. Reporters visited the clubhouse where Mr. Daugherty, who is 34 years old, had checked out early in the morning.

He expressed no desire to see Mitchell, said Mr. Pecora in a statement on a report that the blackmailer had planned a visit here tomorrow, if he wishes to see Mitchell, he should talk to him.

Had Different Theories. Mitchell and his wife, Mrs. Mitchell, who is 34 years old, were in the car when it was shot. The car was a 1931 Stotesbury, a model which was in the hands of the blackmailer.

Daugherty's daughter, who is 34 years old, was in the car when it was shot. The car was a 1931 Stotesbury, a model which was in the hands of the blackmailer.

Daugherty's daughter, who is 34 years old, was in the car when it was shot. The car was a 1931 Stotesbury, a model which was in the hands of the blackmailer.

SCHOOL GIRLS THEIR OWN MILLINERS

The picture shows some of the pupils of the Tilton school with the hats of their own manufacture upon their heads. Left to right: Lois Kastler, Margaret Newman, Annie McGee, Helen Baller, Violet Hall, Margaret Maddell, Janet Atherton, Irene Waburn.

thought she was trailed to her home. He cited, however, as the main argument in favor of this theory the fact that a fur coat had been stolen. He said blackmailers might pick up the jewels in the apartment, but the theft of the fur coat "doesn't look like their work."

Check Up Many Clues. In their effort to trace the case as a robbery, detectives are known to be checking up the record of a colored man who worked for a time in the apartment house in which Dorothy lived. The detectives also are endeavoring to trace the chloroform bottle used in the murder. This drug was prepared by E. R. Squibb & Sons whose laboratory is in New Brunswick, N. J.

This fact gave rise to speculation in which parallels in the Hall-Mills and the Schoellkopf crimes were discerned.

Mitchell and Wife Home. Philadelphia, Pa., March 27.—Private railroad cars, limousines, taxicabs, and finally a decrepit sedan figured today in the homecoming of Mr. and Mrs. J. Keasley Mitchell and Mr. and Mrs. E. T. Stotesbury after a lively trip across the three states from Washington, D. C. Mitchell, the son-in-law of Stotesbury, arrived at the Mitchell home at 8:40 o'clock tonight. Other members of the party and Mitchell himself had reached the Stotesbury estate at White Marsh, a suburb, some hours earlier.

It was quite dark when a battered sedan drew up in front of the Mitchell's Rittenhouse square mansion. Before the machine had come to a stop the car doors were flung open and Mitchell hopped out. He helped three women,

who could not be identified, to alight, and as camera men's flashlights boomed, all four ran for the house, where the butler held the door ajar.

Come by Different Routes. While Mitchell and Stotesbury reached White Marsh at 8:45 o'clock, Mrs. Mitchell and Mrs. Stotesbury and the Mitchell children, got there at 9 o'clock, the men and women having separated enroute and coming to Philadelphia from Baltimore by different routes. The division of the party proved extremely diverting to a half hundred newspaper men and photographers and the trip from Washington resembled nothing so much as a flight.

It looks as if the Mitchell and the Stotesburys don't want to meet reporters," said a railroad man with a grin.

It was at Mount Royal station in Baltimore that Mitchell met his wife, in the Stotesbury private car "Lynwood," for the first time since Miss Keenan was found slain in her apartment March 14.

Principals Deny Statements. No inkling of what transpired could be obtained tonight, and none of the principals would make a statement after their arrival in Philadelphia.

Some of her fellow passengers in the parlor car in which Mrs. Mitchell, her children, and their grandmother arrived in Philadelphia—on a train other than that to which the Stotesbury private car was attached—said Mrs. Stotesbury had been weeping at intervals on the last stage of the homeward journey.

HE ACCIDENTALLY SHOTS SELF. While cleaning his revolver yesterday, Paul Tanchock, 1400 South Union avenue, accidentally shot himself in the left hand.

\$25,000 GRAFT PLOT SQUELCHED BY LANDIS BODY

Donnelley Bares Labor Extortion Scheme.

Details of a recent attempt to extort \$25,000 from a construction company were revealed last night by Thomas E. Donnelley, president of the citizens' committee to enforce the Landis award, in an address at a meeting of the Illinois Society of Architects in the Art Institute.

"Graft is not dead in the labor world," said Mr. Donnelley. "Recently the contractor on a construction job purchased some dirt for grading purposes. It had been handled by non-union men. The teamsters struck and refused to handle the building materials on the job."

"An attempt was made to find out the trouble and settle the dispute. Not a business agent could be found for the teamsters. The matter then from roundabout channels came information that the difficulty could be settled for sums ranging as high as \$25,000."

"Hauling was something new for the committee to tackle, but that contractor got his material without any money payment to union officials."

Original Policy Stands. Mr. Donnelley then referred to the committee's policy for the coming year. "I want to say," he asserted, "that the policy of the citizens' committee has not changed one iota. It will be maintained in every legitimate way."

Several trades have already signed new agreements. The most important are the bricklayers at \$1.25 an hour, the tilelayers, fireproofers, \$1.27½, and the stone derrickmen at \$1.02½. The

two at large are believed to be Al Spencer, notorious bandit leader, and a lone henchman, and both are reported to be wounded. Worn out and disheartened, members of the posse tonight were returning to their homes.

The two robbers stood off 200 possemen in a pitched battle.

New York May Tax Gas to Build Better Roads Albany, N. Y., March 27.—(Special.)—A bill reducing the nominal rates for motor cars and imposing a gasoline tax of 2 cents a gallon was introduced by Assemblyman Goodrich of West Chester today. The measure, endorsed by the American Automobile association, National Automobile Chamber of Commerce, Automobile Merchants' association, and many automobile clubs, aims to raise about \$16,000,000 a year for highway improvement.

President Orders Soaring Sugar Prices Investigated

St. Augustine, Fla., March 27.—Investigation by the United States tariff commission into the relation of the tariff rates on sugar to the present increased sugar prices was ordered today by President Harding.

The inquiry was requested in the following telegram addressed to Thomas O. Marvin, chairman of the tariff commission:

"Have tariff commission make an immediate inquiry into the relation of the sugar tariff to the current prices of that commodity. It is difficult to believe that the duty on sugar can have any part in making the abnormal prices which prevail, but if the commission finds there is any ground for believing the duty to be even partially responsible I shall be ready to proclaim a reduction in duty as provided by law."

Investigation of Price Boost. The order will enlist another official agency in the government's endeavor to ascertain responsibility for the gradual increase in sugar prices starting in February when sugar was selling at 5 and 6 cents a pound retail as compared with present quotations running as high as 12 cents.

Mr. Harding is determined that the government shall do all in its power not only to prevent further increases, but to bring down the present prices should they be found unjustified.

Mr. Harding, however, is unconvinced that the present tariff rates of 1.75 cents a pound on Cuban raw and

principles of the Landis award were perpetuated in these new agreements.

Free Trade School Thruives. "In our free trade school we have registered in night classes twenty-eight carpenters, thirty-eight sheet metal workers, forty painters and ninety-five plumbers. These are all mechanics who are studying to advance themselves to foremanships."

Building permits from Jan. 1 to March 21 probably will exceed \$15,000,000. Where would the building industry be under the old conditions?"

2 BANDIT'S FIGHT OFF 200 IN POSSE; ELUDE CAPTURE

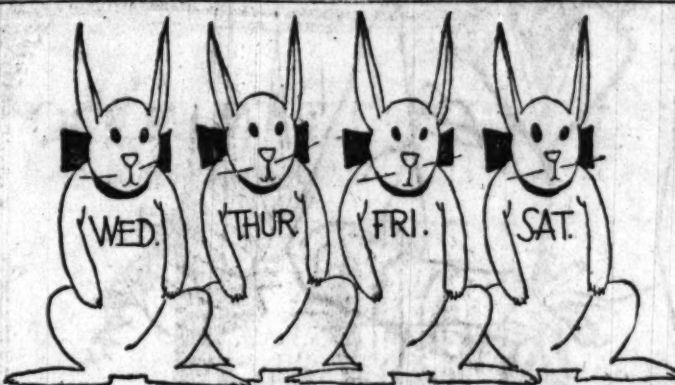

Tulsa, Okla., March 27.—After playing hide and seek for twenty-four hours with a posse bent upon taking them dead or alive, two members of the band of bank robbers who looted the state bank at Mannford Monday afternoon, apparently had eluded their pursuers tonight.

Of the four bandits that swooped down on the Mannford bank, one was shot and killed late Monday and another was captured and is in jail at Sapulpa.

The two at large are believed to be Al Spencer, notorious bandit leader, and a lone henchman, and both are reported to be wounded. Worn out and disheartened, members of the posse tonight were returning to their homes.

The two robbers stood off 200 possemen in a pitched battle.

WHY PIERCE-ARROW SALES have increased 228 per cent

"The 1931 Pierce-Arrow as it looked on its 22nd birthday, which it celebrated by running from New York City. This vehicle was the forerunner of the models which won the Golden Tour in successive years."

OVER a span of years that measures nearly the entire lifetime of the automobile industry, there has developed a deep-rooted respect for the name Pierce-Arrow.

From the beginning, the makers of Pierce-Arrow definitely have sought this respect. They believed then, as now, that a product of uncommon quality—designed and built to excel—is bound to win preference. And they knew then, as now, that the price of this inevitable leadership would be ceaseless vigilance and a constant striving toward still higher attainment.

And so, in America, the name Pierce-Arrow has come to have an almost generic meaning. Unconsciously it springs to the lips of the

man on the street as the descriptive term for the caparison of quality.

This widespread and acknowledged respect is now more pronounced than ever. It is reflected directly in the increasing public demand for the products which bear the Pierce-Arrow nameplate.

Specifically, this year's sales at this writing show an increase of 228% over those of the corresponding period of 1922.

An unmistakable expression of public confidence and preference—a confidence founded on the stability and integrity of the makers, and a preference based on the sheer merit of the product itself.

PRESIDENT SURE TO WIN IN 1924, WEEKS ASSERTS

BY GRAFTON WILCOX.

Washington, D. C., March 27.—(Special.)—In predicting today that President Harding would be re-nominated by the Republican party next year and re-elected, Secretary of War John W. Weeks made the further prediction that the President would have no opposition in the party convention, except, perhaps, that of Senator Robert M. La Follette of Wisconsin, representing radical elements of the party.

Republicans of the country, or at least the great majority of them, including the real progressive Republicans, in the opinion of Secretary Weeks, will loyally support Mr. Harding, and there are no issues that he can see to create any material division in the Republican ranks.

World Court Seen as Issue.

Prospective opposition candidates will not develop. Of this Mr. Weeks is quite confident. The only issue that he could think of that might develop an opposition candidate is that of American participation in the permanent court of international justice so earnestly advocated by President Har-

EVENING.
Social Turner hall, 1661 Belmont avenue.
Speaker: Victor Jorgens.

EVENING.
This, in the opinion of the secretary of war, will not be an issue either in the pre-convention campaign or in the subsequent election because it will

have been settled by the senate long before and settled right.
"Participation in the world court by the United States," said Secretary Weeks, "will cease to be an issue because the senate in the next congress will grant the President the authority he has asked to name an American representative on that court. There can be no successful issue made of it after that."

Prosperity to Aid Harding.

"President Harding will, of course, be re-nominated and re-elected and he will have no opposition in the convention except, perhaps, from Senator La Follette. The country is prosperous.

Indications of it are apparent on every hand, and the country is not going to make any change in administrations."

Secretary Weeks did not mention Senator Hiram Johnson (Rep., Cal.) as a possible candidate for the Republican nomination. He, like many other stalwart party leaders, is convinced that Senator Johnson will not enter the field as a candidate. Some of them are convinced that he would like to, but say that he cannot do it without a formidable issue within the party.

Borah is Not Favored.

Senator Borah of Idaho, who has been issuing words of warning to the party leaders and reminding them of the possibilities of a third party movement, is not regarded by Harding's friends either as an aspirant or as having a chance for the Republican nomination. In fact, most of them believe that Senator Borah will support Mr. Harding for re-nomination in the next convention.

It was reported here today that a

conference between Secretary of State Hughes and Senator Borah on foreign affairs might be held in the near future, the Idaho senator being extremely anxious that the United States do something to help in European restoration. In this he is not seriously at issue with the administration, which is also desirous of helping Europe whenever Europe is willing to be helped.

President Harding, as soon as he returns from Florida, will busy himself on his speeches to be made during the summer throughout the country. They will be carefully prepared and will constitute his re-nomination platform.

W. J. FULTON IS ELECTED JUDGE AT SYCAMORE, ILL.

Aurora, Ill., March 27.—(Special.)—William J. Fulton, a lawyer of Sycamore, Ill., was elected a circuit judge of the sixteenth judicial district today to succeed United States Judge Adam C. Chase, who gave up his place on the Illinois bench to accept a federal post in Chicago.

Mr. Fulton is 44 years old. He has three children. A graduate of the University of Illinois, he looks so much like Coach Zuppke in build and countenance that he has been frequently mistaken for him. Folks here call him "the little giant."

He ran as a Republican candidate today and had no opposition.

Wilson and McAdoo Urge Different Men for Senate

Denver, Colo., March 27.—William G. McAdoo, former secretary of the treasury, today telegraphed to Gov. Sweet of Colorado urging the governor to appoint Merriam Shafroth of Denver to the vacancy in the senate caused by the death of Samuel D. Nicholson. Yesterday former President Wilson urged the governor to appoint Huston Thompson, one of McAdoo's ardent supporters for president in 1920.

AN Aluminum Washer

NO other washer does so much to clean your dishes as this. It is made of aluminum and is not rusted by water. It is a perfect housekeeper's friend. It is sold by all hardware stores.

FORMAL ATTIRE FOR EASTER MORNING

FORMAL DAY CLOTHES, which custom has long associated with the smart Easter morning turnout, acquire by their very formality a certain degree of conspicuousness. They should therefore be punctiliously correct. Careful observance of the best usage in these matters is not only an insurance against embarrassment but a quiet tribute to the value of social traditions and good taste.

The Store for Men provides complete assortments of apparel and accessories of the most distinguished character to meet the demands of every formal occasion

CUTAWAYS—dark Oxford Coats with waistcoats to match.
TROUSERS—striped worsted Trousers in various shades of gray.
WAISTCOATS—separate Waistcoats in white or pearl gray.
HOSE—Plain black silk.

SHOES—of patent leather with cloth tops; or patent leather or dull calf Oxfords with white or gray spats.
NECKWEAR—four-in-hand or bow Ties.
COLLARS—wing type in various models.

HANDKERCHIEFS—sheer white linen, plain or cross-barred; white silk.
SILK HATS—the finest products of English and American makers.
WALKING STICKS—Plain malacca.
SHIRTS—white, with plain or pleated bosoms and stiff cuffs.

MARSHALL FIELD & COMPANY

THE STORE FOR MEN

Super-Clothes for Easter

THE thought is pleasing; finery appeals to vanity. We like to wear the things that suggest superiority. Indeed, a feeling of comfortable assurance goes with them.

Capper & Capper clothes are super-clothes. They're the finest in America. They're the clothes one should wear at Easter-tide—and upon every other occasion—if one would create an atmosphere of culture and refinement.

New thought prevents the world from growing stale; new ideas stimulate human effort. Capper & Capper

clothes are the definite result of a "new order of thinking." They are representative of a higher standard in clothes-making—better, finer than clothes have ever before been produced.

And yet, folks, they're within the reach of all. Easter suits at \$85 for example—the most beautiful you've ever seen. Others at \$60, and even as moderately priced as \$50.

Better dressing inspires confidence. Any one can afford to wear Capper & Capper clothes. No one can afford not to wear them. They're the clothes of the hour.

EVER UPSETS LUEDER LEAD IN TWELVE MOVIES

62 Majority and
Loops Ahead 712.

THE POLL TO DATE

Candidate	Results	Days	Date
Dem.	1,281	26,153	28,351
Rep.	1,281	24,719	26,980
Soc.	170	4,085	4,253

Total 3,644 51,453 59,586

BY OSCAR HEWITT.

1—Lueder's plurality, 62.

2—Dover's plurality, 712.

3—The results of two Tribune

polls are a dozen of the Lubliner

theaters—one taken before

majority campaign really started

the other at its height. The two

not be taken as proving anything, but

the contrast is instructive as indicating

a possible campaign tendency.

These dozen Lubliner & Trins

are located in nine different wards,

but it is not represented that these

theater polls give a true picture of

the attitude of all the voters in those

wards.

In the second poll Dever received

57.4 per cent of all the ballots cast

and Lueder 37.5 per cent.

In the nine wards last November

18,569 votes were cast for candidates

for sheriff, of which Peter Hoffman,

Republican, received a trifle more than

51 per cent. Hoffman carried the city

by 14,773 votes.

For county treasurer at the same

election practically the same number

of votes were cast and County Treas-

urer Carr, Democrat, obtained 56.4 per

cent of them. Carr carried the city by

74,556 votes.

Candidate's Position Changing?

Between the candidates for county

judge 141,551 votes were divided. County

Judge Jarecki, Democrat, received

53.1 per cent of them, and he carried

the city by 37,155 votes. But, as point-

ed out, it cannot be contended with

any degree of certainty that the sentiment

expressed in the theater can-

vas is typical of the wards in which

the movie houses are located. Entirely

different audiences may have been

encountered.

But the law of averages permits

some opinions regarding general ten-

dencies. It is fair to observe that this

canvas indicates that the position of

Dever and Lueder in the race is chang-

ing.

Dever appears to be increasing his

advantage, which amounted to about

40,000 votes when the Lueder cam-

paign started. The Republicans

stopped the growth of the Dever ad-

vantage, and probably reduced it to a

little for a week.

Now the theater poll indicates that

Dever is adding to his advantage.

Comparison of the two polls should

show:

LUEDER LEGIONS ENRAGED BY P. O. INEFFICIENCY CRY

Fault with Higher-Ups,
Retort to Rivals.

Unequivocal denial of charges of the

inefficiency of Arthur C. Lueder in the

postoffice was hurled back at the De-

mostrats last night by speakers from the

Republican camp at meetings through-

out the city.

Attacks on his business ability, on

his lack of political experience, have re-

ceived a soft answer. But when his

opponents saw fit to assail his record as

postmaster they flinched the Republican

candidate on the raw.

"It is charged that there has been

curtailment of postoffice service,"

Mr. Lueder said last night at the Lin-

coln club banquet. "It is then as-

sumed and insinuated that I am re-

sponsible for this curtailment.

"The facts are that certain tempo-

rary curtailments are being enforced

by the postoffice department through-

out the country and that the Chicago

postoffice is necessarily expediting

such curtailments along with all the

other large postoffices."

Calls Charges False.

"The facts are that I have no re-

sponsibility whatever for this sit-

uation and that the supporters of my

opponent in charging me with respon-

sibility are charging false."

"I suggest, however, to the voters

of Chicago that people who make

grossly misleading statements in a

campaign are perhaps not people who

can be trusted to give Chicago a sin-

cere and responsible city administration."

At his other evening meetings, the

most important of which was held in

the North Side Turner hall, 59 North

Clark street, the Republican candidate

reiterated his denial with its counter

charge stinging in the tail.

"We hear a lot about records," said

Col. Scott Smith at the Turner hall

meeting, "and I must say that I find

nothing constructive about Dever's

record in the city council. Dever

condemned Michael Faherty in Janu-

ary for his action in respect to the

city hall experts. Today Faherty is

marching under Dever's banner. What

has he agreed to give Faherty in re-

turn for Faherty's services?"

BABIES GETTING POPULAR, SURVEY IN CITY SHOWS

Small Flats Replaced by Larger Ones.

BY ARTHUR EVANS.

Chicago seems to have more children among the city-dwellers than a few years ago. Babies appear to be somewhat more fashionable than before in the delicatessen belt. In residence districts like Hyde Park and Lake View where a school census a few years back showed an alarming tendency towards "race suicide," the perinatal rate is growing in popularity. The birth rate in the city last year fell off a small decimal fraction, but in residence districts where the rate used to be the smallest there is an increase in the actual number of children. One sees them on the streets and in back yards in sections of the city where a few years ago babies were almost curiously they were so scarce.

These are simply personal observations, but they are fortified by similar views from health officials and others who keep an eye on signs of the time—and there are no official statistics to back them up, which ought to guarantee their soundness.

Single Home Popular.

More single family homes are going up than ever before in the city's history, while the tendency to build two and three room flats is lagging. This is regarded as a most encouraging sign. A few years ago nearly 40 per cent of the apartments being built in Chicago were two and three room apartments, where the bed pulls out of the wall and transforms the living room into a bed chamber and the kitchen table slides out of sight and the dining room is thus metamorphosed into a library.

At present, however, only about 15 per cent of the apartments under construction are of the two and three room type. Actual figures from the health department show that in 1921 there were 6,708 apartments built in Chicago, of which 2,408 were of four and five rooms. In 1922 this dropped to 21 per cent; now it is running 15 per cent.

The building of four and five room flats on the other hand, is increasing—a sign of growing family demands. In 1921 there were 6,708 apartments built in Chicago, of which 2,408 were of four and five rooms. In 1922 this dropped to 21 per cent; now it is running 15 per cent.

What It Means.

Again, the number of single family homes built jumped from 4,608 in 1921 to 6,300 in 1922. What this growth means may be seen from the fact that in 1922 some 40 per cent more single family homes were erected than in any other peak building year.

As to the "stock" involved in the birth rate fluctuations, Chicago has no real measure. It was only last year that Illinois was added to the birth census bureau. Before then, our vital statistics had not been up to the government mark. In 1921 the actual number of births reported in Chicago was 95,543 and in 1922, 96,724. The annual birth rate per 1,000 of population was 20.32 in 1921 and 20.02 in 1922. It was a small drop. Between 1921 and 1922, 40 per cent of the births were reported, so that an estimated full rate would range fairly close to 23 births per 1,000 of population last year. The birth rate for the birth registration area in 1920, embracing 60 per cent of the population of the United States was 22.7 per 1,000.

Comparison Is Difficult.

Great difficulty is experienced in adequately comparing the present rate in Chicago with those of former years. In 1898 the birth rate in the city is

Newest and finest suits and topcoats for Easter at removal sale prices all this week Foreman's 63-65-67 W. Washington St.

HANDS OF DEATH

The clock indicates the number of persons killed since Jan. 1 by auto, shootings, and by moonshine.

generally given as 27.7; in 1904, 26; in 1917, 24.6 per 1,000, but the fault with these is that they are estimates based upon birth data that are far from complete and satisfactory.

Undoubtedly there has been a falling off in the rate. The explanation generally given is that it is due to economic reasons. After the war the birth rate rose, then fell. The year of peak prices sent it up and the times of the slump brought it down again—the effect of prosperous times and tight times being seen in the births of the next year. Inadequate housing, too, may have been a factor, although this is open to dispute, for even two room apartments and "economic" marriages where both wife and husband work outside the home, have apparently not cut into the question of offspring quite as much as some were expecting. Many babies are in the small apartment buildings and many parents are moving into quarters with more rooms.

Landlords Less Cruel.

Landlords are far less disposed to discriminate against families with children. Although many of them are still cruel in this respect, conditions are vastly improved over the days when Frank McVickins was impelled to introduce a bill at Springfield to put the thumbcrews to stony hearted landlords who refused to rent to tenants with progeny, and when the late Senator Beale, "work mayor of Alton," hung up a premium for family raising by offering to knock \$5 a month off the rent for every baby born to one of his tenants.

High rents helped do it. To get the money the landlords accepted children, and to pay the high rents many landlords often had to double up, with the result that babies have lost their terror for most owners of apartment houses, especially if they are old buildings. New buildings—in some of them the owners fear the enamel may be scratched, and openly give the preference to childless tenants. In others they have loosened to the point where they do not even object to dogs and parrots.

Even a blind organ grinder can detect the presence of more children in the better residence districts, although, of course, not in the abundance of the more crowded foreign sections, and even in the "stock" where it is the question as to how far increasing child life in Hyde Park, Lake View, Rogers Park, and Ravenswood in the apartment sections is due to more prolific newcomers who moved in when rents went skyward and many old timers had to move elsewhere.

For Stout Women
Chiffon Weight Hosiery \$2.95
Outsize full-fashioned hosiery with lisle garter tops and soles. Black, gunmetal, cinnamon and gray.

HOSIERY—MAIN FLOOR.

143 KILLED BY AUTOS; ONLY 24 DRIVERS HELD

Figures Stir Safety Council to Investigation.

Since Jan. 1 143 persons have lost their lives in automobile accidents, including three yesterday. Inquests have been held in 133 cases, and 24 drivers have been recommended for arrest. Twelve of them have not yet been apprehended, but are held to the grand jury, either on charges of murder, manslaughter or for investigation. In thirty-five cases the juries held the drivers guiltless, in forty they were unable to fix the blame, while in twenty-nine others deaths were due to collisions.

What Juries Did.

In only five cases did the juries render verdicts specifying that the guilty driver was speeding. In six the driver was charged with carelessness, while in a single verdict held that the driver was intoxicated or had been drinking. Evidence to this may have been introduced in some cases, but it did not get into the verdicts.

As a result of these figures, the Chicago Safety Council has undertaken an investigation for the purpose of determining if reckless driving, speeding and intoxication are not responsible for more deaths than the figures show. "It is unbelievable," said one official of the council yesterday, "that less than 20 per cent of the automobile deaths since the first of the year are the fault of motorists, and that of this 20 per cent less than half are charged with carelessness and speeding."

Safety Council's Plan.

One of the steps in the quiz to be

SOUR STOMACH

Best Relieved by Chewing a Stuart's Dyspepsia Tablet—No Water Needed—Carry Them Loose in Your Pocket

What the average person needs in this day and age is the balanced stomach sweetener that he can take at any time, at any place, and get relief right away. This effect is had with one or two Stuart's Dyspepsia Tablets. No matter what you eat or drink, if the stomach sour, gets gassy, seems to bloat and press against the heart, if it belches and heartburn makes you miserable, try these tablets. The moment they reach the stomach they neutralize the acids, they give the stomach the alkaline effect it is craving for and thus you soon feel good, the stomach is settled, and the faults of indigestion are thus corrected. You may now eat pie, cheese, sausage, pickles, if you get a 40 cent box of Stuart's Dyspepsia Tablets today at any drug store.

F. A. STUART CO., Marshall, Mich.

carried on by the safety council will be the assigning of an investigator to every inquest resulting from an automobile death. Where the verdict of the jury does not agree with the evidence, the state's attorney will be asked to make an investigation.

AUTOS KILL THREE

Two school boys and an 80 year old man were killed in a series of automobile crashes yesterday.

Edward Wittman, 3 years old, living at 4428 North Seeley avenue, died last night in the Ravenswood hospital from injuries sustained when he was struck by an automobile driven by Louis J. Dolson, 2164 Leland avenue. The boy was run down while attempting to cross North Robey street at Montrose avenue. Dolson is held by the police.

Ignoring the "safety patrol" established by his companions, Charles Matejovsky, 14 years old, a student at the Sawyer school, was almost instantly killed when he darted into the path of the automobile driven by Theodore Hetzmann, 3700 West 61st street. Immediately after the accident, which occurred at 63rd street and Kedzie avenue, Hetzmann was taken into custody

by the police and will appear at today's inquest.

Aged Man Run Down.

Fifteen minutes after being struck by an automobile at Belden avenue and Stockton drive Emil Rheinhardt, 80 years old, living at 2121 Ogden street, died at the Columbus hospital. The aged man, according to witnesses, was crossing Stockton drive when struck by the automobile driven by Arthur Herzer, 612 Gary place. Herzer will appear at the inquest today.

CECIL ARRIVES IN U. S. TO PLEAD CAUSE OF LEAGUE

New York, March 27.—The cause of the league of nations is the cause of world peace, declared Lord Robert Cecil, who arrived here today on the Matinee for a month's visit to the United States and Canada.

Lord Robert, who will deliver a score of lectures, said he came to promote the cause of the league and to smooth out misunderstandings of its functions held by "the greatest nation which has not yet joined the international body."

ALLIES DECIDE ON THEIR REPLY TO TURKISH NOTE

LONDON, March 27.—(Tribune Radio.)—A plenary session of the allied experts who have been examining the Turkish counter proposals was held today at the foreign office. Lord Curzon presiding. The meeting lasted five hours and adjourned this evening after the delegates had reached a complete agreement on the reply to be submitted to the Turks within forty-eight hours.

The nature of this reply is still jealously guarded, none of the delegates consenting to give even a hint of its contents.

A brief official communiqué, which was issued immediately after the meeting, stated simply that a complete agreement had been reached and the draft of a reply to the Turkish counter proposals drawn up, subject to the approval of the respective governments. This approval, however, is expected to be forthcoming in every instance within forty-eight hours. Following that formality the note will be sent to Constantinople by the British, French, Italian and Japanese governments.

SPOEHR EASTER EGG

75¢

LARGE CHOCOLATE FRUIT & NUT EGG

THEY'RE a FULL POUND of the finest thick chocolate just jammed full of luscious English Walnuts, Black Walnuts, Pineapple, Cherries and French Fruits.

DEATH AWAKENS FRANCE TO SIZE OF BERNHARDT

Nation and City Plan Vast
Public Funeral.

BY HENRY WALES.
(Chicago Tribune Foreign News Service.)
(Copyright 1923, By The Chicago Tribune.)
PARIS, March 27.—(By The Chicago Tribune.)—The death of Sarah Bernhardt, the greatest actress of the French stage, has awakened France to the size of the nation and the city plan a vast public funeral.

Denied Chosen Tomb.
Despite the desire often expressed by Mrs. Bernhardt to lie among the rocks of Belle Isle she will be interred in her older tomb in the cemetery of Pere Lachaise. This is said to be due to lack of immediate family funds.

Home a Votive Shrine.
Mrs. Bernhardt's home at 16 Boulevard Poissonniere was a shrine of devotion to her art, while representatives of every element of life came to pay their homage.

Col. De Vassigne, representing President Millerand, came from Elysee Palace early this afternoon to present flowers and the president's condolences. Artists, poets, actresses, playwrights, academicians, and novelists poured through the corridors of the actress's home. Among the throngs of theater luminaries calling and leaving flowers and passing before the body of the greatest of their profession were Sacha Guitry and his wife, Yvonne Printemps, Cora La Parra and Polaire, Cecile Rorel, carrying parma rolls, and Mrs. Simone, carrying lilies, were two stars from the Comedie Francaise who called.

In Darkened Room.
In a darkened room on the first floor under a heavy canopy of arched Mino Bernhardt lies on the bed where she died. Her red golden hair looks pale under the dim light, and a fold of tulle is drawn over her mouth and chin. Beneath the heaped white lace of the coverlet is faintly designed the outline of her wisp-like body.

France Puts Reservations in O. K. on Naval Treaty

PARIS, March 27.—(By The Associated Press.)—Premier Poincare today informed Deputy Charles Guisardier who framed the report of the chamber's foreign affairs committee on ratification of the Washington naval accords that the government has decided to introduce a second bill, which will include an article covering the reservations to the treaty recommended in M. Guisardier's report.

BILL HART DE HE IS FATHER UNNAMED G

(Picture on back page)
Los Angeles, Cal., Mar. 27.—(United Press.)—William Hart, a man of the movies, has been after a lengthy confinement in a hospital, which he mentioned in a letter to his wife, Winifred Westover, who is now in the hospital. The father of an unnamed child was printed by a newspaper today, but the mother, who was with him, was withheld. It has been my policy to answer all attacks made upon Mrs. Hart, through the publication of the statement.

BILL HART DENIES HE IS FATHER OF UNNAMED CHILD

(Pictures on back page.)

Los Angeles, Cal., March 27.—(United Press.)—William S. Hart, two-time man of the movies, haggard and worn after a lengthy conference, this afternoon issued a lengthy statement in which he mentioned his estranged wife, Winifred Westover Hart, in connection with accusations of a Boston school teacher to the effect that he is the father of an unnamed child. The charges were printed by a newspaper here today, but the name of the Boston woman was withheld.

"It has been my policy to refuse to answer all attacks made upon me by Mrs. Hart, through the public press or otherwise," the statement said.

Denied Attacking Wife

"Some months ago when it was stated in the press that documents were being prepared and a suit for divorce about to be filed, charging me with physical violence toward my wife, I made a brief statement branding those charges as villainous, malicious, and charged falsehoods.

"I deny that I am the father of any child other than my son, born to Mrs. Hart Sept. 6, 1922.

"I deny that I ever made any trust or other provision for the support of any child other than my own son above mentioned.

"At the present time, under settlement made May 17, 1922, my wife is receiving from me \$19,400 yearly, and she has \$102,000 held in trust for her.

Hart Charges Coercion

"All this stuff which was printed in a paper here today is false and is evidently given out by Mrs. Hart for the purpose of coercing me and forcing me to comply with her further demands.

"My son has \$100,000 held in trust for him."

HART DENIES KIDNAPING BY LEMBAERT.
Henry Hill, 45 years old, 1430 North Clark street, fell dead yesterday of heart disease while reading in the Chicago Public Library.

RUSSIA REPLIES TO HUGHES VIEW ON RECOGNITION

MOSCOW, March 27.—(By the Associated Press.)—While no Soviet statement has yet expressed a view on Secretary Hughes' pronouncement of last week in regard to the relations between the United States and Russia, the official newspaper Izvestia says the American secretary of state has returned "to the position of America in the days of the Vladivostok and Archangel intervention."

The pronouncement was delayed in transmission but upon its receipt was given first page position by the Izvestia, which prints the full text. Assuming to state the view of official circles, the newspaper says:

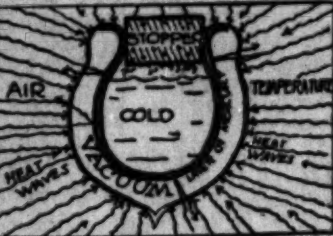

"If delivered in 1918 it would not surprise, but in 1923 it sounds like a sharp dissonance—an anachronism. In effect, Mr. Hughes returns to the position of America in the days of the Vladivostok and Archangel intervention, the only difference being that he now says he does not want to intervene in the internal affairs of Russia, but with reference to nonrecognition, boycotting and blockade, and the misrepresentation of the real state of affairs, it is just the same."

Trans. Hiss Lightly.
The newspaper is unable to attach importance to "Hughes' lofty words of humanitarianism toward the Russians," as it says, he himself says recognition is a question of economics in which humanitarianism has little part and Russia does not conceal her economic difficulties.

"We must conclude," it adds, "that Mr. Hughes instead of wanting to help in the reestablishment, holds to the principle, when one falls down, push him further. He proposes conditions of health forestalling the possibility of agreement. Despite his verbal refusal to intervene in our internal affairs, he in reality demands radical reconstruction of the inner regime so as to duplicate the bourgeois states."

The Izvestia's editor insists that Russia has met and will meet the ob-

INVENTOR DIES

BY SELBY MAXWELL.

Mr. James Dewar, the inventor of the thermos bottle, is dead, in his 61st year. He was a well-known British chemist and was also noted for his work on high explosives. His death occurred in London yesterday.

About twenty years ago liquid air first came into prominence, due to rapid technical improvements in compressing machinery. Air is liquefied by subjecting it to enormous pressure, and at the same time taking most of the heat out of it. The condensed fluid resembles water, except that its temperature is more than 200 degrees below zero.

Liquid air boils when it is poured on the floor, as water does when it is spilled on a red hot stove. To a liquid, Dewar's thermos bottle is as hot as a furnace. At rest there was no way to keep liquid air for more than a few minutes. If confined in any ordinary vessel it became explosive.

Dewar invented a vessel that would hold it. He made a double-walled bulb out of glass, and pumped the air out from between the walls. The vacuum thus created would not permit much heat to pass in to the liquid air, and thereby prevented it from boiling.

The Dewar flask, adopted without change, is now known as a thermos bottle. The diagram shows how a thermos bottle is made.

positions which she recognizes, but her position on the war and prewar debts was thoroughly set forth at the Genoa and Hague conferences. He says that Secretary Hughes expresses "the yesterday of American diplomacy while Senator Borah (who favors recognition) and his followers will express the tomorrow."

PLAN OF SOVIET UPRISING IN U. S. TOLD AT TRIAL

(Continued from first page.)

Union Educational league, of which Foster is secretary. It can even build legal revolutionary workers' organizations. It must also launch a legal party with the purpose that the communists can enter openly its ranks without permitting the police to know which of the members are communists and which are not.

"But the underground organization, whose membership consists entirely of communists, must not be liquidated. On the contrary it must be built firmer and stronger."

Must Defeat Capitalist Rule.
"It is the duty of the communist

party to defeat by any means that may be necessary the capitalist government attempts to confine the revolutionary party to the underground channels. In carrying out these instructions, the communist party must guard itself against the tendency to regulate or limit the legal work—the tendency to become legal in fact.

"This tendency may be found especially among the intellectuals. Upon finding themselves in the easier life of legal activities many will forget that no matter what maneuvers may be made on the public stage, the final class struggle must be, until its end, a brutal fight of physical force."

The purpose of the defense in this trial is to get to the jury the idea that the legal party is all there is left to the Communist movement. This is the testimony of Ruthenberg, who appeared successfully with the prosecution today and got over much of the propaganda of the central executive committee of the Communist party, of which he is a member.

Demands of Communists.

Minor aspects of the American struggle with a few types of demands are discussed in the Moscow document. Some of these follow:

"All combinations [in the United States] having the purpose of restricting wages or common action

against labor organizations, shall be made in law a criminal conspiracy.

Would Bar Injunctions.
"No injunctions to be issued against labor organizations in raising wages or reducing hours of labor."

"Constitutional amendment forbidding such laws as the Kansas Industrial court."

"Constitutional provision guaranteeing the unlimited right of peaceful picketing."

"Constitutional amendment forbidding the use of military or naval forces in any labor dispute."

"Constitutional provision abolishing the United States Labor board and prohibiting the executive from interfering in labor disputes."

"For disarming of all private detective corps in strike regions."

"Formation of organizations for the purpose of forming armed forces to engage in activities against strikers to be made criminal conspiracy."

Reds Endorse Plumb Plan.
"For the Plumb plan, amended to give majority of directors."

"Right of soldiers and sailors to organize unions."

"Prohibition of foreclosure on farm property for debts."

"For liquidation of Ku Klux Klan."

"Condemnation of Washington con-

ference and warning of world war to grow out of secret arrangements made at this conference."

"Participation in all general elections, concealing the underground apparatus within the outer frame work of a legal campaign organization."

Ruthenberg admitted today that Foster attended the Bridgman convention and that he made an address there. The state considers that it has been proven that Foster was a communist, although Ruthenberg is still trying to shield him and cloud this point.

Council Committee O. K.'s
Drive Zoning Compromise

The council committee on building and zoning yesterday adopted the recommendations of the zoning commission concerning Lake Shore drive. Sheridan road from Bryn Mawr to Devon and Hawthorne place. These recommendations provide that the former is to be zoned as a residential district for ten years, the second is to be put in the apartment building class and that Hawthorne place is to be limited to residences. The committee will have a number of minor decisions to make before the ordinance will be ready for submission to the council.

STOP & SHOP

104th Blue Ribbon Wednesday

Two years of Blue Ribbon Wednesdays. Come and see how well this store has kept faith—come and see the crowds and crowds of people that come to buy our Wednesday Specials. If it was not worth while they would not come week after week for TWO YEARS.

GOOD BOOKS

OUR LITTLE GIRL

A Novel by Robert A. Simon

"THE PUBLISHERS say of Mr. Simon that he is an author who presents genuine people simply but with high humor and satirical observation. They never said truer words. OUR LITTLE GIRL is as mercifully true as 'Babbie' and you see the wheels go round far less often in its construction. It is all rather terribly like looking at an album of unretouched photographs of people you have known all your life. Deep and bitter envy was mine while I was reading it, and is with me still. I'd give anything to have written OUR LITTLE GIRL."

DOROTHY PARKER in Book Review

"OUR LITTLE GIRL is the most delightfully sophisticated bit of sarcasm we have seen for many a day, a fine description of the ubiquitous 'near artist.' It is the inside story of the great musical fake which day by day turns out new 'talent,' told with finesse and accuracy. The end is sublime—but read the book."

HENDRIK WILLEM VAN LOON in Baltimore Sun

While F. P. A. hurries his stint in the "Conning Tower" that he may get back to reading OUR LITTLE GIRL "which is simply elegant."

SHILOH "HAREM" TO UNVEIL LIFE IN BEN'S PALACE

To Call Young Girls in
Cult Hearing.

Grand Rapids, Mich., March 27.—Young girls alleged by plaintiff witnesses in the suit of John W. Harnell against the Israelite House of David to have been mistreated by Benjamin Purnell, head of the cult, are to be subpoenaed by Walter H. Nelson, Harnell's attorney. It was announced late today. Permission to summon the girls was granted by Federal Judge Sater, presiding.

The question of summoning the girls arose during the examination of Mrs. Edith Rosetta, a defense witness who identified a number of names on a list offered by Attorney Nelson as girls now residing at the House of Shiloh, Purnell's residence, where the alleged immoral practices are said to have taken place.

Previously Mrs. Rosetta had testified no girls under 20 years of age were now living at Shiloh house.

Court Gives Permission.

Attorney Nelson challenged H. T. Dewhurst, counsel for the cult, to produce the girls, then obtained permission to subpoena them.

Possibility that Purnell might be brought into court, went glimmering in the opinion of plaintiff counsel when Jane Glover, a member of the Benton Harbor colony, testified the cult leader was not now in the House of David. He had been "gone for some time," the witness stated.

The sudden illness today of Mary

Purnell, "queen" of the colony, also was believed to have definitely removed her from the list of defense witnesses.

Tells of Plot to Rob.
Mrs. Cora Anderson told of alleged misconduct toward her by Harnell, who is said to have been expelled following similar charges by Mrs. Gertrude Bully. Mrs. Bully also was on the stand and told of Harnell's alleged plot to stage a "gas" attack on the House of Shiloh, carry away the valuables of the cult, which were stored there, and establish a colony of his own at Nashville, Tenn. Mrs. Bully stoutly denied that Mary Purnell had coached her in the manner in which she was to testify.

Daughter Weds as Mother Lies Dead in Room Above
Waukegan, Wis., March 27.—Not knowing that her mother lay dead in a room above, Miss Ruth Levin was married today to Charles Plinko of Rock Island, Ill. The wedding was postponed when Mrs. Levin suffered an attack of pneumonia. The mother, however, pleaded that the wedding be performed today and asked that, should she die, her daughter be kept in ignorance until after the ceremony.

ONE PERSON IN SEVENTY-THREE IS DOPE ADDICT

Indianapolis, Ind., March 27.—One person in every seventy-three in the United States today is a confirmed drug addict, according to the reports of narcotic inspectors made to the treasury department, Garland W. Powell, national director of the American commission of the American Legion, declared tonight.

Medical estimates have been made, he said, that each addict fastens the drug habit on three normal persons during his existence. Mr. Powell announced that the American Legion, through its Americanism commission, is organizing a national campaign against the evil.

Urges Death Penalty.
According to reports from many cities the evil is gaining a hold on high school children, he said. He advocated the death penalty for a drug peddler selling his ware to children.

"There are 1,500,000 persons now in America who cannot face existence

without their daily or hourly shot, and are sinking swiftly into a condition of hopelessness and horror," he said. "The 'dope' addicts in the United States equal in number the combined total population of Arizona, Delaware, Nevada, New Mexico, Vermont, and Wyoming."

Child Addicts Gains.
The most vicious aspect of the whole problem, according to Mr. Powell, is the organized effort to extend the use of dope among children. This activity, he said, is controlled by "middlemen," abettors from drug themselves, who send out "dope" addicts as their peddlers. These middlemen, he added, are 95 per cent of alien birth or parentage.

To Limit Opium Import.
Washington, D. C., March 27.—Limited importation of opium and other raw narcotics for the use of the legitimate manufacturing trade will be resumed immediately under an agreement reached today at a conference between the federal narcotics control board and representatives of leading manufacturers.

The existing embargo against all imports of narcotics will be raised, it was announced, to the extent that until July 1 next manufacturers may import an amount equal to their imports during the corresponding period of 1932. Another conference for July 1 was arranged to discuss subsequent importations.

POLICE BELIEVE MURDERED MAN GROUND TO BITS

Detroit, Mich., March 27.—[Special.]—Joseph A. Campbell, former night superintendent of the Mellanbach Bros. company, is believed to have been ground to bits in a huge grinder at the plant and then obliterated in a reduction vat. Campbell disappeared on the night of Feb. 18.

The fact that the huge grinding machine at the plant operated continuously from 11 p. m. on Feb. 9 until 5 a. m. on Feb. 10, an unprecedented circumstance, led deputies to the belief that Campbell was destroyed in that manner.

Edison power records revealed that the grinder operated continuously and at full capacity during those hours, said Frank C. Longman, deputy sheriff, who worked on the case. "We believe that Campbell was killed because of information he possessed relative to the alleged machinery thefts," Campbell is said to have placed his initials upon a conspicuous portion of a machine which he suspected was to be stolen, the deputies assert. Later the machine was stolen and Campbell traced it to another Detroit plant, where he identified it by the initials.

UNCLE SAM PUTS LIMIT ON C. O. D. OF PARCEL POST

Washington, D. C., March 27.—[Special.]—The use of the C. O. D. privilege on parcel post shipments as a means by the postoffice department, according to a ruling announced today by Postmaster General Harry H. New.

Neither will firms be permitted to ship parcels C. O. D. to prospective purchasers without the formality of having received an order for their ware.

The abuse of the C. O. D. service by shippers in sending articles collect on delivery which have not been ordered or without the consent of the addressee may be construed, the postmaster general stated, as an attempt to defraud and as violation of the law.

Only \$47,000 Raised for Boy Scouts' Fund

With two days to go, the 2,000 business and professional men who are acting as campaigners to raise the \$115,000 to extend scouting in Chicago announced through their various chairmen at a meeting yesterday in the Palmer house that only \$47,000 had been raised in the city.

GOULD'S ILL BRINGS END 80 MILLION

Heirs of Great
Agree to Stop Lit

BULLETIN.
[Chicago Tribune Foreign News Service.]
MENTONE, March 27.—Heirs of George Jay Gould, who followed a religious faith, have been recalled from their anxiety to tell the family.

New York, March 27.—The serious illness of George Jay Gould, who lived in France, has brought the millions of the late, signed today, through two firms representing them, a signed the litigation to end. The litigation was the result of the Jay Gould estate, which was the result of the health dated in 1913, and signed by Dr. Charles J. Gould, London.

Estate Worth \$80,000,000.
The litigation, involving \$80,000,000 left by Jay Gould, is a point where it was considered for George J. Gould to be settled.

But the London doctors, again, stated "it would be to Mr. Gould's health for a complete rest." Gould was trustee and the estate until 1913, when the estate of his brother and was ordered removed by and Edward W. Hatch, prime court justice, was agreed in the proceedings for accounting.

Frank Gould, who was in the litigation, which Frank Jay Gould and Gould denied he had turned indebtedness of the railroad. Gould and the estate, the estate with "paper" rightfully his own.

The pact signed today signature of Mr. Gould, a son containing all of his in this connection. In actions for the estate, Mr. Gould, he had carefully borne interests and had been given consideration for them.

GOULD'S ILLNESS BRINGS END TO 80 MILLION FEUD

Heirs of Great Estate Agree to Stop Litigation.

(Chicago Tribune Foreign News Service.)
MENTONE, March 27.—The condition of George Jay Gould is grave to the point of death, specialists here have been recalled from Italy. Grave anxiety is felt by his family.

New York, March 27.—Because of the serious illness of George J. Gould, his will in France, his co-heirs to millions of the late Jay Gould agreed today, through twenty-three law firms representing them, a pact which ended the litigation involving administration of the Jay Gould estate.

Reported in the past was a certain state of health dated Oct. 19, 1922, signed by Dr. Charles H. Miller of Paris, London.

Estate Worth \$80,000,000.
The litigation, involving nearly \$80,000,000, was left by Jay Gould, who died in 1902, where it was considered necessary for George J. Gould to come here to testify.

But the London doctor, six months ago, stated "it would be detrimental to Mr. Gould's health for him to undertake a trans-Atlantic journey."

Gould was trustee and executor of the estate until 1919, when at the instance of his brothers and sisters, he was removed by the court, and Edward W. Blish, former Illinois court justice, was appointed referee in the proceedings for a judicial accounting.

Frank Gould Objected.
Transactions in Missouri Pacific to which Frank Jay Gould entered objection, led to the litigation. George J. Gould denied he had turned over the management of the railroad to Frank Gould and the estate, thus burdening the estate with "paper" which was rightfully his own.

The pact signed today waived the signature of Mr. Gould to a deposition containing all of his testimony in this connection. In all transactions for the estate, Mr. Gould testified, he had carefully borne in mind its interests and had been guided by his consideration for them.

One Man Killed, One Shot in Coffee House Affray.
Madison, Wis., March 27.—[Special.]—Peter Padeles was shot and killed, and Edward W. Blish, former Illinois court justice, was wounded, and Gus Leland failed here as the result of a shooting affray in a Greek coffee house tonight. Business rivalry was the cause of the shooting.

HIBBARD URGES FIXED BRIDGES LINED BY SHOPS

Makes Plea for Roof 'Over the River.'

"Couples" crossings and arcades of shops on fixed bridges were features of a plan for roofing the Chicago river with a 200 foot boulevard and parking garage Angus S. Hibbard, consulting engineer and former vice president of the Chicago Telephone company, advocated yesterday. He spoke at a luncheon of the Electric club of Chicago at the Morrison hotel.

Workers taking their noonday rest in the park on top of the garage would have no traffic policeman's whistle constantly shrieking in their ears, said the speaker. "Turning spaces have been provided underneath the bridges, so that cars may slip in and out of the traffic and yet always be traveling with the stream. The cross traffic passes overhead."

Shops on Fixed Bridges.
"On either side of the boulevard will be ideal sites for hotels, theaters, or public buildings. And the bridges, being fixed, will be bridges no longer, but will become integral parts of the cross streets, and might very properly be lined with small shops."

An elaboration of the original plan.

which would make the river roof an artery for railway freight as well as automobile traffic, was proposed by Mr. Hibbard. He said it would be possible to build a lower deck accommodating four lines of track underneath the boulevard.

"There should be a unified condemnation of the South Water street elevation project," said Hibbard. "Traffic engineers find it bad because it will greatly increase the number of left turns. The tangle at the Michigan avenue junction would be awful. It would be tilting all the traffic of the loop onto Michigan avenue."

"River Now Useless."
"The usefulness of the Chicago river is past. The harbor of the city is on the Calumet, where, I am told, there is more water traffic than there is on the river. The type of freight now transported by water is carried in barges too big to make the turns in the Chicago river."

LARSON REPORT FROM FRISCO PROVES UNTRUE

A first message from San Francisco yesterday that Lewis E. Larson, missing Chicago real estate man, had been found raised the hopes of the searchers here. A second message dashed these hopes again with the news that the man supposed to be Larson was Thomas C. Wood, a former Chicagoan. "Believe missing man here. Communicate with me immediately at the Hotel Terminal," the earlier message read. It was addressed to Attorney Harper E. Osborn, heading the hunt here, and was signed "M. B. Van Horn." Later came the word that the man was not Larson.

Larson disappeared three weeks ago today. Hospitals, sanitariums, hotels, and rooming houses have been combed in vain.

Brighten Up Your Home

Preserves Linoleum.
Polish your linoleum occasionally with Johnson's Wax. It prevents cracking, brings out the pattern and color—protects the linoleum from wear—and makes cleaning easy.

Hot Dishes Won't Mar.
If you polish your dining room table occasionally with Johnson's Prepared Wax you will have no trouble with hot dishes. Johnson's Wax protects and preserves the varnish.

Removes Finger Prints.

GOV. SMITH BACKS HIS ASSEMBLY'S STAND ON LIQUOR

Senator Fess Told He's
"Intolerant."

Albany, N. Y., March 27.—Gov. Al Smith today made public a letter to United States Senator Fess, in which he replied to the latter's criticism of the New York legislature for memorializing congress to modify the Volstead law.

Gov. Smith staunchly defends his legislature and alleges constant illegal traffic and official corruption under the Volstead law as it stands.

While Gov. Smith's letter was being given out to the public the New York state senate, by a vote of 28 to 21 passed the Dunning bill repealing the Sullivan-Gage prohibition enforcement law.

Twenty-six Democrats voted solidly for repeal, and two Republicans vote with the Democrats. Despite the action of the senate the assembly has indicated that it will approve no repeal legislation this year.

Wants People to Decide.

"We ask for a reasonable congressional interpretation of what constitutes an intoxicating beverage," was the keynote of Gov. Smith's letter to Senator Fess, which declared that New York state was not asking laxity in enforcement of the federal prohibition law.

"I am impressed by the figures that you give of the vote in your own state on 3.75 per cent beer, as well as the vote of Michigan and California. Why not settle the question for all time and provide for that vote in every state, with congress fixing 2.75 per cent as a maximum alcohol content and allowing the popular vote to fix the minimum? That, surely, is democratic government."

"It is the voice of the people themselves, and if not the essence of democracy, then we had better turn the key in the door and go out of business."

Fight Intellectual Intolerance.

"The intellectual intolerance of those like yourself, who favor theoretical total abstinence, instead of genuine temperance, is well illustrated in your communication. The New York legislature, consisting of one Democratic and one Republican house, exercises its traditional right to memorialize con-

gress favoring the amendment of a federal statute.

"The amendment asked is nothing more nor less than to define the term 'intoxicating beverage' as used in the eighteenth amendment, in a way deemed by the legislature of the state of New York to be reasonable in order to permit the sale under stringent restrictions of beverages which in point of fact are deemed not intoxicating."

"Because the view of the legislature differs from your own, you write to me in comment upon the memorial that the sole issue is one of law enforcement, with the distinct implication that the legislature is advocating the policy of nonenforcement of the law of the land."

"Speaking, I believe, for the state,

which I have the honor to represent, nothing could be further from the facts."

Pennsylvania House Acts.

Harrisburg, Pa., March 27.—The prohibition enforcement bill, supported by Gov. Pinchot, passed the house today and now goes to the governor for his signature. The vote was 107 to 100. It requires 105 to pass a bill in the house.

The enforcement measure passed the senate recently by a vote of 30 to 15.

MAN Jailed FOR CHURCH PRAYER.

Michael Kizewsky was fined \$85 and sentenced to ninety days in the house of correction yesterday on a charge of obtaining \$85 on the pay check of Will Arnold, an Illinois Central railroad employe.

500,000 More Starving as Russia Ships Out Grain

(Chicago Tribune Foreign News Service.)

RIGA, March 27.—Simultaneous with the arrival here of an additional 1,000 tons of rye from Russia, the soviet press bureau announces that at a meeting of the all-Russian famine relief committee President Wineskurov reported 500,000 Volga residents are at present afflicted with a new famine on account of the scanty crop last year. The total amount of grain in these districts is less than half the minimum amount needed to keep the population alive, M. Wineskurov said.

STATE at JACKSON—on the Northeast Corner

Filled—Spotlessly! —with a sealed cartridge of fresh liquid ink

A CLEAN, easy filling, obedient pen that can be absolutely depended upon to write—perfectly and obediently.

The John Hancock Cartridge Pen fills with its sealed cartridge of liquid ink—thousands and thousands of words to the cartridge—instantly—spotlessly. No ink wasted—no smeared fingers or clothing—and nothing to get out of order.

The cartridge enables you to fill the Cartridge Pen wherever you are. The cartridge makes you independent of ink supplies—may be carried in pocket or bag. Giving you a better, cleaner way to fill your pen.

With the cartridge principle your pen is loaded in a jiffy. The same principle compels an even flow of ink to the writing point—perfect writing always. It means the end of pen annoyance—of fiddling, coaxing and humoring to make your pen work.

The John Hancock Cartridge Pen is the finest writing instrument in the world. Convince yourself at any pen counter.

CARSON PIRIE SCOTT AND COMPANY

Both the Line and Fabric Varies for the Occasion in Women's and Misses' Spring Wraps

Nothing proves the versatility of the new mode more than the great variety in coats and wraps. They are notable, also, for the beauty of their fabric—those lustrous new woollens so well adapted to the slender silhouette.

Ornamental Silk Tassels on Women's Wraps at \$75

The wrapped lines are particularly good, the tassels a rich-looking garniture. In navy blue, cinder, black, brown. At right center.

Embroidered All Over Are Misses' Coats at \$85

Distinctly of this spring, with their allover tracing of silk metal thread, and their side fastening. In tan, navy blue. Sketched at the left.

Fourth Floor, North and South.

Fine French Veilings 75c Yard

The first spring days bring special need for the protecting trimness of such veils.

In the Much-Wanted French Dot Patterns

Very effective in color combination. For tan is used with brown dots, flesh with brown, orchid with black. Also in plain Copenhagen blue.

The exceptional quality of these veilings indicates the economy of choosing several at this low pricing. 75c yard.

First Floor, North.

Contrasting Leathers in Colonial Pumps, \$11

A charming style for spring. Strikingly effective in the combination of narrow bandings of black patent leather in contrast with gray suede.

In a Very Unusual "Tailored" Effect

Narrow stripes of patent leather outline the top, tip, and small flat tongue.

In excellent workmanship and a fine grace of line these smart shoes are typical for the many exceptional values to be chosen in this section.

These shoes have street weight soles and comfortable low heels. The style is remarkably distinctive—so that there is real satisfaction in choosing these shoes for Easter.

Priced \$11 Pair

Third Floor, South.

The linings, too, are a feature in themselves and often introduce a striking color note. In a word, the new wraps are unusually well designed. The coats and wraps featured are selected for widely differing occasions.

A Ruche-like Collar Is Noted on Women's Coats at \$85

The collar is shirred to stand up like a soft ruching, and is most becoming. The sleeve, too, is especially graceful. Sketched at left center.

Smart New Top-Coats For Misses Are \$65

In a soft silk-like woolen material resembling camel's hair. Exceedingly well tailored and fitted. With cable stitching. At the right.

Fourth Floor, North and South.

Embroidery or Real Laces Chosen for Silk Undergarments, \$3.95, \$5.95

And with the exquisite taste always shown in this section each trimming motif is artistically used according to the style of the undergarment. The silks of that superior quality so desirable.

"Tailored" Combinations \$3.95 Embroidered in Dots

There is no other trimming, so this combination has all the practicability which makes tailored undergarments so favored. In peach, flesh and orchid. Sketched at left.

Charming New Step-In Chemises, Priced \$5.95

There are five laces and rosebuds of French ribbon, and two-tone ribbon shoulder straps. In flesh, white, peach. At right, \$5.95.

Third Floor, North.

Smart Styles Suggest Charming Trimming in Spring Hats to Trim, \$7.50 And \$12.50

FOR always untrimmed hats here are selected with a view to making their completion very simple. So there are in these hats the newest colors and all the styles which require just a single trimming touch—a flower, a ribbon or feather ornament not at all difficult to apply.

There are many versions of the much-wanted poke. The straws are those lightsome hair braids and Neapolitans—and there is a varied assortment of trimmings moderately priced.

Also New Hats of Fine Milan at \$10

Fifth Floor, South.

Important in the Spring Costume Are New Kid Gauntlets, \$5.75 Pair

SO striking in style that they may almost set the keynote for a costume. The wide flaring gauntlets in an applique of contrasting leathers.

Gray is combined with violet, green, red or navy blue, and black with white. \$5.75 pair.

12 and 16-Button Length Kid Gloves, \$4.95 Pair Imported 2-Clasp Kid Gloves, \$1.95 Pair

First Floor, North.

These Smart New Hand-Bags In the Varied Style Versions for Spring

Choosing a hand-bag is an interesting affair when styles are as original and attractive as these. And in their moderate pricing is seen a way to economy.

Checked Hand-Bags Are \$7.50

Striking are these silk hand-bags woven in an effect of checks. In brown and tan, or red with navy blue. Special, \$7.50.

Good-looking Leather Hand-Bags, \$5.45

Some are in tailored styles, others in pouch shapes with frames of filigree metal. Other hand-bags, flat in style, have a suggestion of the Egyptian in their tooled patterns. Priced \$5.45.

First Floor, North.

The "Wrap Around" Line Is Favored for New Separate Skirts for Spring

It gives that trim, close look so much a part of the smartness of separate skirts. And it admits of a delightful variety of trimmings—for example here are

Homespun Skirts That Are Fastened with Two Big Buttons, \$8.50

Then they have bound button holes. The buttons are brown, the skirt is in camel's hair color plaided in brown. Sketched at right, \$8.50.

Flannel Skirts with Tailored Stitching, \$13.50

The stitching is in little scallops that mark the side fastening of this skirt. On the other side is a pocket cleverly placed. In gray or in beige. Sketched at the left, \$13.50.

Fourth Floor, North.

Again Is Stressed the Vogue of Blouses of Colorful Printed Silk

There's delightful reason for their success, for they depart entirely from blouse fashions of other seasons, and are, in fact, really a part of almost every tailored suit for spring.

Often these blouses are in overblouse style, giving the appearance of a frock.

Tied with Ribbons Are Printed Crepe Blouses, \$8.50

The colors are vividly lovely and the oriental patterns, printed on a dark silk ground, effective. The neck fastens at the side and the ribbon bows are fetching. Sketched at the left, \$8.50.

Jacquette Blouses of Roshanara Crepe, \$12.50 Fasten with an Ornamental "Brooch"

Those oriental tones characteristic of prevailing fashions are in this blouse. The Roshanara crepe is of a heavier quality than usual. Sketched at the right. Priced at \$12.50.

Fourth Floor, North.

Children's Derby Ribbed Hosiery Of Fiber Silk, Exceptional, \$1.25 Pair

For the strenuous sort of service children exact from hosiery—these of firmly knitted fiber silk prove most satisfactory.

Of good weight, well reinforced at the toes, heels and soles. And in the Derby ribbed stitch so favored for children. In white, sand and gray. Unusual at \$1.25 pair.

Children's Thread Silk Hosiery Derby Ribbed. Priced \$2.25 Pair

Hosiery of pure thread silk, knit with full-fashioned feet and well reinforced. In white, tan, gray and black. \$2.25 pair.

First Floor, North.

Girls' Smart Frocks and Top-Coats Adapt New Fashion Features for Their Own

So they have that smartness young girls today insist upon. They are always appropriate to the occasion, too—a feature which means much with youth's varied needs to consider.

Bloomer Frocks or Frocks with Pleated Skirts Of the Much-wanted Canton Crepe, \$17.50

The bloomer frock has ruchings that follow a graceful way on the frock and edge the bloomers. Black, green, brown, tan. Sizes 6 to 10 years. Sketched at the right.

The pleated skirt topped by a bodice of figured crepe, in the frock at the left center, is a combination much favored. \$17.50.

Jaunty Top-Coats in "Polo" Style Are \$45

And in "Polo" colors—tan and brown plaids. All lined. With raglan shoulder. Sizes 12 to 16 years. Sketched at right center.

The Short Top-Coats of Tweed, at Left, \$20.

Fourth Floor, East.

Well-Tailored of Imported Tweeds Boys' Spring Suits, \$30

In the splendid quality of these imported tweeds—woven expressly for these suits—and the careful tailoring, will be noted a value out-of-the-ordinary.

These suits have one pair of golf knickerbockers, and one pair of plain knickerbockers. The tweeds are in colorful overplaids and heather mixtures. Sizes 9 to 18 years. Sketched at left. Exceptionally priced at \$30.

Boys' New Top-Coats at \$28.75

Smart top-coats of sturdy tweeds or homespun. Well tailored in different styles. With the square or raglan shoulder. Sizes 11 to 18 years. At right, \$28.75.

Second Floor, South.

The New Two-Trousers Suits For High-School Students At \$28 and \$38

Well tailored suits in styles certain to appeal to young fellows of high-school age. The materials and smart new details of cut and finish are unusual at this moderate pricing.

There Are Suits of Striped Fabrics, Checks, Fabrics in Herringbone Effects, and Plain or Novelty Mixtures

Then there are tweeds and chevrons in numbers of the lighter colorings for spring—so that there is a remarkable scope for choice.

Sizes for Boys of 30 to 38-Inch Chest Measurement. Featured Specially, \$28 and \$38.

Second Floor, South.

ELECTRIC STRIDE OF MIDWEST TOO FAST FOR EAST

BY SCRUTATOR.

The proposed eastern super-power zone, about which so much has been written, is still largely on paper. The linking up of the electric generators of the midwest is approaching completion. Gaps in Wisconsin and Ohio, approximating ninety miles together, remain to be closed before there will be a chain of connected power sources from Minneapolis in the northwest to Pennsylvania on the east, from Zion City on the north to Louisville, Ky., and St. Louis on the south.

The mid-west chain consists of a series of systems to system links, rather than a score of through power trunk lines feeding industries on their lateral, such as the eastern plan proposes. But at the present rate of advance, the conversion of the Central Valley into a power unit is definitely in sight, and the connections already in effect need but slight extension and alteration to function as through power conduits.

Further expansion of the central power system is already in sight. The Doherty interests are beginning an ambitious program of hydro-electric development in the Ozarks, with a plan to White River. This will link up with St. Louis and Kansas City eventually. Connection of the Louisville area with the hydro-electric zone of the Appalachians is a matter of only a few years. Hydro-electric operations around Big Stone Gap, Virginia, bring the two electric areas within connecting distance.

The more rapid development of connection, as well as the tremendous growth of its generating capacity, seems to indicate definitely that the mid-west will dominate the electric area of America. The east had a fine start and should be ahead today. At the close of 1921, however, the eastern power zone, which contains only about 3 per cent of the area of the United States, with a population of 22.4 per cent of the national total, was consuming 34 per cent of the electric current produced in the country.

The midwest power zone, which contains in Chicago, contains 9 per cent of the area of the United States and 23.3 per cent of the population. With the handicap of an area over twice as great, and a smaller population to serve, the midwest power zone was far ahead of the eastern zone in the connection of its stations and facilities for switching power from place to place. It was consuming 23 per cent of the current produced in the country. It is altogether probable that its total consumption at this writing is ahead of the east.

Neither region has any appreciable advantage over the other in hydro-electric power possibilities. For a long time both must depend principally on fuel. By the time the hydro-electric development of the remoter regions has reached its peak, it is reasonable to assume that transmission will have been brought to such efficiency that power developed anywhere on the continent will be available to the use on fairly equal terms anywhere within it.

Illinois, the heart of the mid-west power region, already leads the states in the number of electric consumers. Her power plants serve nearly 300,000 customers against New York's 170,000 and California's 100,000. California occupies third place because her comparatively meager fuel resources have spurred her to develop much of the water power of the Sierra.

In Illinois today switching of power

PRODUCE MARKETS

Butter prices in Chicago dropped 1/2c. with offerings larger and demand only fair. East-ern markets were easy, with buyers holding off. Call for cheese was slow and prices very shaded to make sales here.

First sold at 10c advance. This is the season of heavy consumption and the large volume of butter absorbed. Arrivals were 23,067 cases, against 27,170 cases last year. Live hams sold at 25c decline, while values on other poultry were unchanged. Arrivals were 2 cars and 1,705 cases.

A good general demand for positions took the 53 cars received and held prices firm. There were 243 cars on track.

Restricted shipping orders caused a slump in yesterday's hog market after a strong start to the higher start. Light weights closed decidedly weak, while 220-270 lb. butchers sold comparatively well. Price range was more confined, with choice 180 lb. "Yorkers" at \$3.50. There was an early top of \$3.45 for fancy lights. Day's general average, \$2.20, against \$2.23 Monday and \$2.50 a week ago.

Starting in steady to strong, yesterday's cattle market closed weak with some left unsold and late bids logistic below early selling on both best steers and butcher stock. Best steers offered averaging 14 1/2 lbs. sold at \$9.50, with 1,325 lb. yearlings at \$9.50, and 275 lb. steers and heifers at \$7.75. Calves weak at recent decline. Butchers and feeders ruled steady.

LEAD VALUES SLUMP.
Under the pressure of a large Tuesday

supply of Colorado and Nebraska wool, with top price dropping below the \$18.00 mark for the first time since the middle of the month. Top yesterday at \$14.80, standard for lower than a week ago. Native springers sold downward from \$14.80. Montana and Oregon clipped lambs were heavy, selling at \$10.00-11.00, according to weight and quality, with heavy sorted out at \$9.50. Aged sheep and yearlings were scarce and sold steady, best 107 lb. ewes reaching \$9.50.

Receipts at Chicago for today are estimated at 9,000 cattle, 20,000 hogs, and 12,000 sheep, against 6,448 cattle, 12,335 hogs and 11,136 sheep the corresponding Wednesday a year ago.

42 Years 100% Safe

Established 1881

7% 1st Mortgage Bonds

Select your maturity

Money at 7% compounded doubles in ten years. Steady investment in Safe Bonds yielding 7% assures a future free from financial worries. Secure this yield now. Maturities from 2 to 10 years—denominations of \$1000, \$500, \$100—cash or time payments. As little as \$10 down secures for you a Cochran & McCluer Certified First Mortgage Bond bearing 7%—4% Federal Income Tax paid.

GROW with Chicago

Chicago must provide homes for 60,000 added population every year. That means enough apartments to provide shelter for all the people of Springfield, Ill. Every Cochran & McCluer Bond issue is a first mortgage on a high grade apartment building in Chicago. All knowledge of rental and sales value is first hand knowledge acquired by 42 years experience in the Real Estate business in Chicago. Titles to all property securing Cochran & McCluer Bonds are guaranteed by the Chicago Title and Trust Company (Capital and Surplus over \$17,000,000). As Trustee it identifies and certifies each bond as a genuine first lien. In 42 years no Cochran & McCluer investor has lost a cent of interest or principal.

Judge bonds by their buyers

Besides individual investors, large and small, Cochran & McCluer Bonds are bought by Trust Companies, Trustees, Guardians, Banks, Insurance Companies, Religious and Fraternal Organizations, and Big Business institutions. That's because Cochran & McCluer Bonds are sure and have high income yield. Invest now to secure 7% with safety. Cash or monthly payment plan, as you prefer. Test our

NO SPECULATIVE INFLATION IN WARS INDUSTRY

BY O. A. MATHER.

That business is expanding but without any particular evidence of speculative "inflation" is the keynote of the March review of the Chicago Federal Reserve bank. The review deals chiefly with conditions in the middle west, although there are some general observations.

"Continued active business is indicated by the maintenance of a high rate of industrial production, increase in freight traffic and employment, and a large volume of retail trade. The index of production in basic industries is now approximately equal to the highest point reached in the past. Since the low point in July, 1921, there has been an increase of 61 per cent. The volume of new building projected is exceptionally large for the season, particularly in western districts.

"Freight shipments have been increasing and the car shortage, which was somewhat relieved in December and January, has been more marked in recent weeks. A continued increase in industrial employment has been accompanied by further advances in wages in a number of industries. There is a shortage of unskilled labor in many industrial centers. Wholesale and retail distribution of goods continues at a high level. The index of wholesale prices advanced slightly.

"Recent increases in industrial and commercial activity have been reflected in a larger volume of loans by member banks for commercial purposes. This increase has been accompanied by a reduction in holdings of investments, so that there has been only a moderate increase in total loans and investments. The larger demand for funds has not led to any increase during the last month in the total volume of credit extended by the reserve banks.

"Leather and Copper Improve. Improvement in the leather and copper mining industries was indicated in several annual financial reports made public yesterday. The report of the National Leather company for 1922 shows a loss of \$1,305,293, but President George H. Swift points out that inventory values were marked up to the basis of current prices, and that the company has had no decrease in surplus resulting from the year's operations. The surplus now stands at \$153,558. Operations increased during the year and at present are 75 per cent of capacity, with prospects of attaining normal.

"At current prices for hides and skins and leather, we are able at this time to give a modest profit on most grades of leather which we produce," Mr. Swift says. "Taking into consideration the long period through which the tanning industry has been adjusting itself, it would seem that we might look forward to a period of reasonably normal conditions, which should mean satisfactory results."

"Optimistic Copper Reports. The better situation in the copper mining industry is noted by President Gordon H. Campbell in the annual report of the National Copper company and the New Cornelia company. "Production of copper, which was discontinued in 1921, was resumed in February, 1922, as our surplus of copper has been reduced by sales so as to be no longer a burden," he states. "So far as is known, there is no scrap of hidden copper to come on the market. Consumption is somewhat in excess of production and prospects for a reasonable profit during 1923 appear bright."

RATES RUMORS ANNOY FEDERAL RESERVE BOARD

Washington, D. C., March 27.—(Special.)—Irritated over reports regarding contemplated changes in rediscount rates and other moves of this character, the federal reserve board issued a brief statement today declaring "there is no basis for any rumors with respect to its intentions or actions."

Many telegrams of inquiry have been pouring in upon the board, it was indicated. In reply, the board has indicated its desire to know the basis for the rumors. It declares that when it has anything to say regarding credit conditions or policies it will make its own announcement and that no one else is authorized to speak for it.

Mitchell Motors, Inc., May Dissolve Company
NEW YORK, March 27.—(Special.)—Officers and directors of the Mitchell Motors, Inc., are discussing plans for the sale of the company's assets and dissolution of the organization, according to reports in financial and automobile trade circles. In one quarter it was said that a large taxi manufacturing company would take over the Mitchell plant in Racine, Wis. The R. M. B. body corporation is owned jointly by the Mitchell company and the Hupp Motor Car corporation. Mitchell's interest in this organization is expected to be taken over by the Hupp company. The company has an authorized capital stock of 125,000 shares of no par value outstanding. Its range this year has been \$2.75 a share high and \$1 a share low.

Chicago Stock Exchange Election Slate Posted
Posting of the list of officers to be voted upon at the election of the Chicago Stock Exchange on June 4 took place yesterday. The following are named: President, Louis Mitchell; treasurer, David R. Lewis; board of governors, three years, Allan M. Clement, Joseph A. Johnson, J. Clark Dean, and Frank W. Thomas. Board of governors, one year (to fill vacancy), Sigmund Lawton. Non-voting committee: Hugh Blythe, Charles F. Fred W. Fairman, Tracy L. Turner, Elmer E. Hyman and Frederick H. Webster.

Recanvass Wins
Plurality Jura

THE POLL TO DATE

Candidate	Results	Days
Dever, Dem.	2,458	25,281
Lauder, Rep.	1,336	25,690
Cummes, Soc.	194	4,235
Totals	3,988	55,206

BY OSCAR HEWITT

On the face of THE TRIBUNE's canvass to date, William E. Dever, Democratic candidate, has an advantage of 40,200 votes over Arthur C. Lauder, the Republican entry.

A correct interpretation of the canvass Dever a larger advantage than the summary printed at the top of this page. All the votes cast including those polled before the canvass really started, and vote canvasses of the same spots. The summarization are polls of citizens by nationality and those which were taken upon canvass. Without consideration of other factors a clear view of the race cannot be obtained.

Dever Gains Ground

In the last two days Dever's lead has grown. A canvass on the night of thirteen Ascher's canvass, which had been going on twenty days ago. In the canvass, Dever won a plurality of votes. Last night his plurality was not represented the gain of the difference in the number of persons who balloted on the canvass.

The votes received by each candidate at each of the theaters are shown in the following table. The black face figures for last night and the italics for March 27.

Theater	Dever	Lauder	Cummes
1-Dakland St.	100	50	10
2-Metropolitan	284	100	10
3-Edna	70	40	10
4-Commercial	345	84	10
5-W. Englewood	222	112	10
6-Cosmopolitan	172	200	10
7-Crown	205	40	10
8-Turandot	112	20	10
9-Portage Park	163	110	10
10-Lane Court	147	244	10
11-Children	25	80	10
12-Cab	94	117	10
13-Manor	110	110	10
Totals	2,000	1,300	100

Comparison of Totals

The total ballots in the first canvass were approximately 75.4 per cent of last night's poll. The difference for that difference, the canvass was really 425 votes in 1923, the difference in his plurality of 728 and his plurality of 125.

Putting last night's canvass of that taken March 27, the figures in the two polls are:

Candidate	Dever	Lauder
March 27	1,851	1,000
March 28	1,587	1,235
Cummes	194	423

Plans for Lauder

In the recanvass of the last Trinz theaters, publisher Dever showed a net gain of 425 votes in a poll involving 3,988 votes. Dever today of 425 gives a total of 1,199 votes.

Indicates Dever Advantage
That figure represents the difference in two theater polls of Dever in two theater polls of seven-eighths of one per cent of total number of votes which is to be cast on April 2. The number of votes in a poll is small, therefore, to make calculation of the result of the election. But the difference is indicative of the result.

The votes for the two
